Hi Lucita: since we are planning to meet at 3 pm Thursday with you/ORC ahead of our call with Powertech, would you be ok with us talking with John and Blake at 4 pm that day?

Douglas

Thank you Douglas.

Thursday late afternoon MT would be best for me.

Enjoy the holiday!

Best,
Blake

Thanks John and Blake: we trust that you and your families will be able to celebrate the holiday this week safely.

Valois and I will be tied up through Wednesday next week, but should have time to meet either Thursday or Friday. Let us know if there is particular day that works best for you and we can send you an invite on Monday.

Douglas

Douglas,

Sorry about a bit of delay in our response we had a lot of things to take care of following your news.

Many thanks to you and Valois for completing this. I know it has many years of effort and want to thank you for all the hard work getting this project to the finish line.

I think we would like to enjoy the holiday for now and as it will take a good amount of reading would suggest we hold off on a call until next week.

Happy Holidays to you and your families. Hope you can enjoy it to the fullest.

Sincerely,

John

Hi John and Blake: our UIC permits were issued today. The permits and related documents have been posted to our website at:

<https://www.epa.gov/uic/epa-dewey-burdock-class-iii-and-class-v-injection-well-final-area-permits>

Valois and I would be happy to schedule a brief call with you tomorrow to provide you some highlights, etc.

Thanks for your patience and support,

Douglas
